AmScope
The #1 Microscope & Accessory Supplier

Ref: M48369
See Page: 688

Microscope with Articulating Arm

A fantastic package of a microscope that includes a true trinocular 3.5x - 90x zoom microscope on an articulating stand with an 80-LED dimmable ring light

Offering sharp, crystal clear images and great flexibility, it is a perfect inspection microscopy system for the watch/clock maker and repairer and jeweller. With 30mm super widefield, high-eyepoint eyepieces and reduction Barlow lenses, the microscope gives very large zoom magnification range (26:1) and large working distance (8 inches). The LED ring light provides bright, even and cool illumination.

Bracelet Clasp Saver Tool

Watchmakers adjustment tool for folding clasps on watch bracelets. No more need to throw away or replace folding or butterfly clasps that no longer lock with this clasp saving tool!

- Saves folding clasps by allowing them to “click” and lock again
- Clasps which were previously impossible to fix or repair can now be saved
- Prevents expensive bracelet purchases
- Works by carefully & precisely adjusting the thick metal middle sections found on most folding clasps
- Instructions included
- Swiss made

Die dimensions;

- Push Dies = widest working width
- U Dies = outside width
