| Product Width | 390mm | 390mm |
| Product Height | 540mm | 540mm |
| Number of Grooves | 11 | 19 |
| Max Sheet Thickness | 6mm | 6mm |
| Roller Type | Combination | Combination |
| Roller Diameter | 65mm | 65mm |
| Roller Length | 130mm | 130mm |
| Side Extensions | 1.5, 2, 3 & 4mm | 1.5, 2, 3, 4, 6 & 8mm |
| Max Wire capacity | 8mm | 10mm |
| Voltage | 110V, 220V | 110V, 220V |

Good to know

The 1.1KW motor provides consistent power through the lifetime of the mill. Digitally controlled variable speeds from 5 to 20 RPM means you have complete control over each roll and the side extensions provide four half rounds of 4, 3, 2, 1.5mm for additional versatility. 11 square wire grooves from 8mm to 1mm and a broad, flat rolling surface to create a perfect finish every time.

As with all Durston Tools powered mills, the TUI double sided 130 has variable speeds, as standard, in forward and reverse plus four sets of extension rollers securely stored behind black guards. Digitally controlled variable speeds from 5 to 20 RPM means you have complete control over each roll and the side extensions provide for half rounds of 8, 6, 4, 3, 2, 1.5 mm for additional versatility.
